<b>2007- 2008 HUMAN SERVICES COMMITTEE BILL SUMMARY .....</b>	<b>64</b>

December 2008

## **2007-08 Legislative Report**

### **Assembly Human Services Committee**

**Jim Beall, Jr., Chairperson**

The Assembly Committee on Human Services has jurisdiction over programs and services designed to assist the state's most vulnerable populations – children who have been abused or neglected, people with disabilities, low-income families and the elderly. Its Chair is Jim Beall, Jr. (D-San Jose). The Committee was busy in 2007-2008 crafting public policies to improve the lives of California's disadvantaged residents while promoting efficiency and accountability in the delivery of social services. Its subjects included better services and benefits for foster children, simplification of the complex public benefit system, enhancement of housing, employment and other rights and services for persons with development disabilities and for seniors. Of the 142 bills referred to the Committee in 2007-2008, 73 passed the Legislature and 50 became law.

The Committee devoted much attention to the problems and concerns of the nearly 80,000 children in the care and custody of the state's foster care system as a result of abuse or neglect. There were more bills affecting this subject than any other – 46 were referred to the Committee, 23 passed the Legislature and 19 were enacted into law. Key among them in 2007 were **AB 1331 (Evans)**, assisting foster youth with disabilities to establish eligibility for federal disability benefits upon emancipation, and **AB 1453 (Soto)**, requiring the state to plan to convert group homes to residential based services. Also of significance were **SB 785 (Steinberg)**, facilitating access of foster children to mental health services when they are placed outside their original county and **AB 340 (Hancock)**, establishing pilot projects to implement a streamlined process for approving relatives, foster parents and adoptive parents to care for foster children. In 2007, the Chair also authored **AB 324** to increase rates paid to foster parents. After the Chair pressed the issue with the Assembly Budget Subcommittee on Health and Human Services, a 5 percent rate increase for foster family homes, group homes and kinship caregivers was incorporated into **SB 84 (Committee on Budget and Fiscal Review)**, the human services budget trailer bill. Key foster care-related bills in 2008 were **AB 2070 (Bass)** and **AB 2341 (Maze)**, increasing and clarifying the times during which reunification services may be available to parents whose children are in foster care, and **SB 1380 (Steinberg)**, expanding eligibility and revising the requirements of the Intensive Treatment Foster Care (ITFC) program.

*Assembly Committee on Human Services  
2007-2008 Legislative Report*

The Committee heard and approved significant human services bills affecting seniors and persons with developmental disabilities. Several of these were signed by the Governor. These included **AB 949 (Krekorian)**, establishing protection for residents when a residential care for the elderly facility closes, **AB 2370 (Bass)**, requiring the disclosure of the history of rate increases by residential care facilities for the elderly, **SB 868 (Ridley-Thomas)**, authorizing state payment of a share of the costs of criminal history background checks of persons seeking to be listed on a county's in-home supportive services registry, **AB 1402 (Evans)**, requiring the recording of Individual Program Plan proceedings upon request by the consumer of services for persons with developmental disabilities, and **SB 1175 (Steinberg)**, expanding a limited housing model and authorizing regional centers to partner with non-profit developers to increase the stock of permanent affordable housing for people with developmental disabilities.

The Committee took special interest in welfare-to-work and anti-hunger issues. In early March, the Committee heard and approved the Chair's **AJR 4**, which urged Congress to revisit and revise elements of the Deficit Reduction Act of 2005 limiting state discretion in its CalWORKs welfare-to-work and child support programs. The Committee also passed **AB 98 (Niello)**, signed by the Governor, which helps fund county wage-based employment programs for CalWORKs participants, and **AB 1078 (Lieber)**, which eases retirement and savings accumulation rules for CalWORKs families and encourages maximum utilization of the Earned Income Tax Credit.

The Chair authored **AB 433** to improve participation in the food stamp program by adopting a federal program option called expanded categorical eligibility. This option is estimated to allow 86,000 more individuals to gain access to food assistance, generating nearly \$130 million in additional federal funds for the state. The bill is now law. The Committee passed three other food assistance bills of consequence, **AB 1060** and **AB 2844 (Laird)**, establishing simplified reporting for families and counties, and **AB 1382 (Leno)**, repealing fingerprint imaging requirements. AB 1060 failed to pass the Senate after the reporting issue was not included in the final budget agreement and AB 2844 was vetoed by the Governor due to the state's adverse fiscal situation and the bill's one-time upfront costs. AB 1382 was vetoed by the Governor because he believes that the requirement deters fraud.

In addition to acting on human services legislation, in 2007 the Committee began a comprehensive review of the Lanterman Developmental Disabilities Services Act, originally enacted in 1969. Having a personal interest in the issues covered by the Act, the Chair consulted with and convened a wide range of consumers, family members, advocates, service providers and administrators to explore key themes essential to the continuing vitality of the Act in the face of new developments. These include the steep increase in the incidence of autism, the quality of employment and day programs, rights and due process in the individual program plans (IPPs), ethnic and language disparities in service delivery, improved conditions for direct service workers, and methods of outcome monitoring and evaluation. Two roundtables of diverse stakeholders were held in the summer of 2007 followed by committee hearings in October and November of 2007. Efforts to address many of these issues were begun in 2008 and are expected to continue in the 2009-2010 legislative session.

A complete summary of bills referred to the Human Services Committee in 2007-2008 follows.

**CHILD WELFARE SERVICES/FOSTER CARE**

**AB 149 (Bass) – Dependent children; caregivers  
Vetoed by the Governor**

Required the Department of Social Services to enter into a contract for technology to assist counties in searching for relatives to serve as caretakers for foster children and youth and create two pilot projects to assist counties in identifying family members and in understanding and navigating the system of out-of-home care.

**AB 184 (Dymally) – Medi-Cal reimbursement rates  
(As amended September 7, 2007 became Dymally bill relating to Medi-Cal)  
Died; held on Senate Appropriations Suspense file.**

1. As introduced by Assemblymember Bass and considered in the Assembly Human Services Committee, extended eligibility and appropriated \$3 million for the Independent Living Program (ILP) for former foster youth.
2. Required that ILP be provided for former foster youth who are (a) placed with a nonrelated legal guardian if the child is receiving permanent placement services (b) placed as wards with a nonrelated legal guardian who receive AFDC-FC benefits and case management services; or (c) adopted at 14 years of age or older.
3. Amended late in the year to increase Medi-Cal reimbursement rates for family planning services, authored by Assemblymember Dymally.

Chapter 588, Statutes of 2008, as amended to contain unrelated subject matter**

As introduced, established funding for the child welfare system based upon child welfare worker caseload standards.

1. Phased in equally over a five year period, commencing in the 2007-08 fiscal year, budgeting standards that implement the following optimal caseload standards identified in the survey conducted pursuant to SB 2030 (Costa) of 1998.
2. Required that counties, in order to be eligible for increased funding, must provide county matching funds sufficient to fully match the county's base funding allocation, excluding child welfare augmentation funds.
3. Required the Department of Social Services (DSS) to update caseload budgeting standards annually to reflect changes in statutory, regulatory, and practice changes that have occurred since the most recent update.

AB 190 was amended into a different subject and re-referred to the Assembly Transportation Committee.

**AB 298 (Maze) – Relative caregivers  
Chapter 565, Statutes of 2007**

Provides support and priority for relative caregivers of children under the jurisdiction of the juvenile court.

1. Provides that a relative caregiver's preference for legal guardianship over adoption does not provide a basis for the social services agency or licensed county adoption agency to recommend removal of the child from the relative caregiver for purposes of adoption, provided the relative is not unwilling to accept legal or financial responsibility for the child.
2. Provides that the juvenile court, in order to provide stable, permanent homes for children under its jurisdiction, shall consider, in order of preference:
  - a) Terminating parental rights and proceeding with adoption; Appointing a relative caregiver with whom the child is currently residing as the child's legal guardian;
  - b) Ordering efforts made to locate an appropriate adoptive family;
  - c) Appointing a non-relative guardian for the child; or
  - d) Ordering the child placed in long-term foster care.
3. Requires a court, prior to termination of a legal guardianship, to order the county child welfare agency to evaluate whether the child can safely remain in or be returned to the guardian's home if services are provided to the child or guardian and, if appropriate, to identify recommended family maintenance or reunification services to maintain the legal guardianship

**AB 340 (Hancock) – Child welfare services: resource family pilot program  
Chapter 464, Statutes of 2007**

Creates the Unified Resource Family Approvals Pilot Project in five counties to allow county welfare departments to merge duplicative foster placement processes for licensing and approving relatives, foster families and adoptive parents.

1. Defines a "resource family" as an individual or couple a participating county has approved to care for a child under the jurisdiction of the juvenile court, based upon a demonstration of an understanding of specified qualifications.
2. Permits a child to be placed with a resource family that has received home approval prior to a permanency assessment only for compelling reasons and requires completion of the assessment within 90 days of the child's placement in the approved home unless good cause exists.

*Assembly Committee on Human Services  
2007-2008 Legislative Report*

3. Permits a child to be placed with a relative or nonrelated extended family member prior to a home approval and permanency assessment only in specified emergencies.
4. Requires any county, state, or federal savings in the foster care program that occur as a result of the demonstration project be reinvested by the counties in child welfare services program improvements.

**AB 638 (Bass) – Dependent children and wards of the juvenile court: access to services  
Chapter 628, Statutes of 2008, as amended to contain unrelated subject matter**

As introduced, required county welfare departments to provide the same level of services to foster youth who subsequently come under the jurisdiction of the juvenile court as a "ward" supervised by the county probation department as those under the juvenile court's jurisdiction as a "dependent" supervised by the county welfare department.

1. Required that if the court determines the foster youth should be within the juvenile justice system the county child welfare department shall retain jurisdiction to provide services to the youth regardless of whether the child is placed in a licensed foster care facility.
2. Required that foster youth within the juvenile justice system be provided services which include, but are not limited to, permanency case management, independent living, education, transitional living, and housing.

AB 638 was amended into a different subject and re-referred to the Assembly Business and Professions Committee.

**AB 672 (Beall, Jr.) – Child Welfare Council: children of color  
Died; held on Assembly Appropriations Suspense file**

Required the California Child Welfare Council to develop a statewide vision and strategy for reducing the disproportionate representation of children of color in the child welfare system, and perform various functions, including:

1. Collaboratively develop a statewide vision and strategies that clearly articulate a firm commitment to the development and implementation of public policies and practices that will reduce the disproportionate representation of children of color in all aspects of the child welfare and foster care systems;
2. Emphasize strategies that focus on prevention, early intervention, and cross-system approaches to service delivery that safely keep children in their homes and strengthens families;
3. Develop a workplan for multiple agencies and stakeholders with articulated responsibilities.

**AB 845 (Bass) – Foster youth: transitional housing: funding  
Senate Third Reading – June 28, 2007, urgency clause refused adoption**

1. Appropriated \$10,525,000 from the General Fund to fund increased costs in the Transitional Housing for Foster Youth Program in the 2006-07 fiscal year.
2. Stated legislative findings and declarations that foster youth aging out of foster care often lack families to assist them in transitioning into adulthood; transitional housing is an important part of avoiding risks associated with transitioning out of foster care; and, there is an inadequate supply of transitional housing beds to meet statewide need which can be met in part with additional funding in the current year.

Chapter 466, Statutes of 2007**

Directs the Department of Social Services (DSS) to develop a plan to transform the current statewide system of group homes into a system of residentially based services (RBS) and, in the interim, permits some counties to enter into voluntary agreements with private nonprofit agencies to transform individual group home programs.

1. Defines "residentially based services" as behavioral or therapeutic interventions delivered in non-detention group care settings and specifies that residentially based services are most effective when used as intensive, short-term interventions when children have unmet needs that render them or those around them unsafe or when services cannot be delivered in a child's home or a family setting.
2. Permits counties participating in the federal Title IV-E waiver capped allocation demonstration project, with the approval of DSS, to enter into a voluntary agreement to transform all or part of an existing group home in a RBS program, subject to specified requirements.

*Assembly Committee on Human Services

  - a) The child has specified extraordinary and unusual special and behavioral and/or medical needs that make the child difficult to place;
  - b) The child has a developmental disability and is eligible for both federal Foster Care payments and for regional center services;
  - c) No other comparable private nonprofit facility or public licensed residential care home exists in the state that is willing to accept the placement and is capable of meeting the child's extraordinary needs; and
  - d) The county placement agency has demonstrated that no other alternative placement option exists for this child.
2. Provides that the for-profit authorization is effective only if and during such federal fiscal year when no restriction, as defined by the department, on federal matching AFDC-FC payment exists.
3. Specifies the conditions under which federal financial participation is available for children placed in for-profit facilities, which must be documented in the county welfare department case file.

2. Established the California Competitive Grant Program (CCGP) to be administered by the SPI for the purpose of providing comprehensive support on college and university campuses to students who are current or former foster youth and requires that participating campuses receive an annual grant for five years that shall be utilized for the costs of years one to three, and shall be \$40,000 in years four and five.
3. Permitted the administrator of the CCPG to award 50% matching grants to applicants for the purpose of funding the proposed project and requires each project that receives a CCPG grant to provide matching funds from existing funds received from a federal, state, local, or private source or a budget increase in those funds, with preference given to projects that have the strongest demonstrated institutional commitment.
4. Required UC, CSU, and California Community Colleges (CCC) to give student housing priority to current and former foster youth in order to ensure stable housing for these students, and further requires UC, CSU, and CCC to give first priority to foster youth for residence in housing facilities that are open for uninterrupted year-round occupation and secondarily, for housing that is open for occupation during most days throughout the calendar year.

**SB 1380 (Steinberg) Intensive treatment foster care program  
Chapter 486, Statutes of 2008**

Expands eligibility and revises operational, reporting and training requirements of Intensive Treatment Foster Care (ITFC) program; and extends rate classification adjustments for certain group home programs.

1. Expands ITFC eligibility, at participating county option, to children with a serious behavioral problem or emotional disturbance who are placed, or assessed to be at imminent risk of being placed, in a group home with a Rate Classification Level (RCL) of 9 through 11, inclusive.
2. Specifies that no more than 1000 children who were in or at imminent risk of placement in group homes with RCLs 9 through 11 may be placed in ITFC programs at the same time from January 1, 2009 through December 31, 2011. This limitation does not apply to children in the Title IV-E waiver demonstration project counties of Alameda and Los Angeles.
3. Requires Foster Family Agencies (FFAs) participating in ITFC to develop a child's needs and services plan and provide the identified services and supports that are allowable under California's foster care program. Requires FFAs to arrange for needed services for which the child meets eligibility criteria for publicly funded programs. Specifies that children who qualify for public mental health services shall have them funded by the Early Periodic Screening, Diagnosis, and Treatment program and other sources.
4. Requires that contracts or memorandums of understanding between FFAs and counties identify how the FFA will develop a service plan approved by the placing agency that assesses the child's needs in "life domains," such as health, education, and social well-being. Changes description of services and supports associated with the plan.
5. Deletes the requirement that FFAs provide therapists for the child, his/her biological parents, and the foster parents. Requires FFAs to arrange for respite care services, rather than provide them directly and changes content of evaluation-related reporting from service-oriented to prior and subsequent placement-related data.
6. Requires that FFAs pay certified foster parents no less than, rather than exactly, \$1,200 per month per child.
7. Changes experience required for ITFC support counselors. Allows waiver of support counselor training requirements under limited circumstances. Redefines alternative services that may be

*Assembly Committee on Human Services

provided by FFA instead of in-home counselor supports to include those in the Multidimensional Treatment Foster Care program.

8. Changes distribution of required training hours for certified ITFC foster parents, decreasing the hours required before child placement and increasing the hours required after care begins. Allows the county to waive training requirements upon proof of prior experience.
9. Requires the Department to develop, in collaboration with others, cost reporting, claiming and other procedures to maximize federal financial participation in ITFC.
10. Specifies that no appropriation for public assistance pursuant to Welfare and Institutions Code Section 15200 shall be made for the purposes of this act.
11. Extends adjustment of RCL point ranges for group homes that received Aid to Families with Dependent Children- Foster Care (AFDC-FC) payments, which applied in 2002-03 through 2007-08, to also apply during 2008-09.
12. Makes numerous minor and technical changes.

Chapter 2, Statutes of 2008**

Authorizes a public authority or nonprofit consortium to assist a recipient of care who is not eligible to receive In-Home Supportive Services (IHSS) in obtaining a criminal background check.

1. Authorizes a public authority or nonprofit consortium established to deliver IHSS services to assist an employer, as defined, in obtaining through the Department of Justice (DOJ) a criminal background check of a provider of nonmedical domestic or personal care services upon the employer's request.
2. Defines "employer" for these purposes as an aged or disabled adult, or that adult's authorized representative, who is ineligible for IHSS benefits and receives care by an IHSS provider, as defined.
3. Defines "provider" for these purposes to mean a person who is unlicensed and provides nonmedical domestic or personal care to an aged or disabled adult ineligible to receive IHSS in the adult's own home.
4. Authorizes the public authority or nonprofit consortium to recover the cost of administering the section, including the cost to DOJ for processing the criminal background check, from the individual making the request.

*Assembly Committee on Human Services

1. Sets forth legislative intent to maximize the ability of CalWORKs recipients in specified welfare-to-work activities to benefit from the federal EITC, and to educate and empower CalWORKs recipients to use their credits to build their assets and savings.
2. Repeals the existing \$5,000 limit on the amount of funds which can be placed in a restricted account owned by a CalWORKs family.
3. Excludes the principal and interest in specified retirement accounts for applicants as well as for recipients of CalWORKs.
4. Specifies that the agreement between a county and participant in grant-based on-the-job training activities include information related to the EITC, food stamp and social security benefits.
5. Includes the percentage of CalWORKs cases with earned income equaling or exceeding the maximum EITC level among the measures for which ranking in the top 20% of counties permits counties to earn incentive payments under the pay for performance program, subject to a Department of Social Services (DSS) determination that implementation will not create a substantial risk of the state's failure to meet federal work participation requirements.

Died; held on Senate Appropriations Suspense file**

Established an Employment Opportunities Initiative (EOI) and made modifications to the regional center Individual Program Plan (IPP) process to enhance opportunities for integrated work and other integrated activities for people with developmental disabilities.

1. Established an EOI intended to result in a significant increase in the number of Californians with developmental disabilities who are productive, tax-paying, more self-sufficient, and more involved in their communities.
2. Required that, in support of the EOI, for consumers over age 16, at least general information must be provided to the consumer about: a) maintaining benefits with employment; b) integrated adult activities, including employment, postsecondary education and vocational education; c) and, inclusive living options. The consumer must also be informed that any of these topics may be discussed and evaluated further, based on the consumer's needs, interests, and preferences.
3. Required, when the consumer's primary language is not English, that regional centers shall take appropriate steps to ensure that the consumer is able to actively participate in the IPP process and that they understand the contents of the IPP.
4. Required the IPP team to consider opportunities to live, work, and participate in inclusive and integrated settings, without regard to current availability of the services and supports needed to effectuate those opportunities and to document that the information was discussed with the consumer.
5. Required that IPP teams consider segregated, disability-only services only after consideration of integrated options for which the individual is eligible and, if integrated services are not currently available, that the team identify steps that may be taken to obtain those services.

Created an accessible and affordable housing program for the development of community-based housing for persons with developmental disabilities.

1. Established the Lanterman Accessible and Affordable Housing Program requiring the Department of Developmental Services (DDS) to:

*Assembly Committee on Human Services  
2007-2008 Legislative Report*

- a) Set aside funds, upon appropriation by the Legislature, that remain unspent in the regional center purchase of services budget;
  - b) Use appropriated funds to invest in accessible and affordable residential resources for persons with developmental disabilities;
  - c) Adopt regulations specifying standards for issuing grants for the purchase of housing that require grantees to maintain and insure the property, including appropriate deed restrictions; placing consumers into financed property and providing services and supports; and setting forth rights of consumers.
  - d) Establish regional center contract controls regarding the award of grants, placement of consumers, provision of necessary services and supports, and the regional center's role in ensuring that the property grantee complies with his or her duties to maintain and insure the premises.
2. Required DDS to ensure that rents for residential properties shall not exceed 30% of the consumer's income and that the remaining sharing ratio of the rent, if any, between the state and the grantee is specified.
  3. Created the Lanterman Accessible and Affordable Housing Fund in the state treasury to include all moneys appropriated by the Legislature for accessible and affordable housing for consumers and to permit DDS to use the funds to make grants for the purchase of housing and employ professionals to assist in the management of the program, as specified in regulations.
  4. Created the Lanterman Accessible and Affordable Housing Advisory Committee to advise DDS on program priorities and specifies the members of the committee which includes persons with developmental disabilities and their relatives and families, major stakeholder agencies, and persons with experience in trust fund or large foundation management, real estate law, property management, and housing policy.

**SB 292 (Wiggins) Seriously emotionally disturbed children: out-of-home placement**

**Held on Assembly Third Reading file**

**The provisions of this bill were amended into AB 1805 (Committee on Budget), which was vetoed by the Governor.**

Authorized payments for care and supervision of a child classified as seriously emotionally disturbed and placed out-of-home in an out-of-state, for-profit residential facility pursuant to special education provisions.

1. Authorized payments to out-of-state, for-profit residential facilities that meet applicable licensing requirements in the state in which they are located for 24-hour, out-of-home care of a seriously emotionally disturbed child placed there pursuant to an Individualized Education Program (IEP) IF:

*Assembly Committee on Human Services  
2007-2008 Legislative Report*

- a) The county or Local Education Agency (LEA) has placed the child in the for-profit facility after dispute (due process) proceedings were initiated, and either:
    - i) A hearing officer issued a decision including a finding that, after a thorough search, no other comparable nonprofit or public facility was identified that is willing to accept placement and capable of providing an appropriate education; or
    - ii) A written mediation or settlement agreement was reached and includes documentation that after a thorough search no other comparable nonprofit or public facility was identified that is willing to accept placement and capable of providing an appropriate education; OR
  - b) The IEP team agreed, and the placement was made, after a thorough search in which no other comparable nonprofit or public facility was identified that is willing to accept placement and capable of providing an appropriate education. The agencies responsible for the child's placement shall document their search efforts and the reasons that no other placement option can be identified.
2. Specified that the provisions described above are not intended to change existing procedures, protections or requirements regarding the placement of children in out-of-state facilities.
  3. Required the Department of Mental Health (DMH) and the Department of Education to annually provide information regarding placements that may be affected by the above provisions to Senate and Assembly budget committees, including:
    - a) The number of in-state and out-of-state placements of children with serious emotional disturbances in nonprofit and for-profit residential facilities;
    - b) The average lengths of stay of those children in each type of facility; and
    - c) The number of those children who were dependents, wards or voluntarily placed in foster care at the time of their placement pursuant to an IEP.
  4. Deemed allowable mental health treatment and out-of-home care expenses for 24-hour care of a child classified as seriously emotionally disturbed and placed out-of-state in a for-profit residential facility as reimbursable to counties for time on or before January 1, 2009. Specifies that the state Controller may still dispute whether claims for costs exceed what is allowable.

1. Provides, under the Consumer Legal Remedies Act (CLRA), Civil Code section 1750 et seq., that it is an unfair or deceptive trade practice for any person to charge or receive an unreasonable fee to prepare, aid, or advise any prospective applicant, applicant, or recipient in the procurement, maintenance or securing of public social services.
2. Defines "unreasonable fee" as a fee that is exorbitant and disproportionate to the services performed based on the circumstances existing at the time of the service and on consideration, as appropriate, of factors including, but not limited to, all of the following:
  - a) The time and effort required;
  - b) The novelty and difficulty of the services;
  - c) The skill required to perform the services;
  - d) The nature and length of the professional relationship; and,
  - e) The experience, reputation, and ability of the person providing the services.

*Assembly Committee on Human Services  
2007-2008 Legislative Report*

3. Incorporates the definition of "public social services" from existing law.
4. Requires that, in addition to other available remedies, the court award treble actual damages whenever it is proven by a preponderance of the evidence that a defendant has charged or received unreasonable fees for providing assistance in procuring, maintaining or securing public social services.
5. Exempts from the unreasonable fee provisions California licensed attorneys, who are subject to the State Bar Rules of Professional Conduct and mandatory fee arbitration provisions, when the fees charged are for providing representation in administrative appeals or court proceedings to obtain or maintain public social services for an individual or group of individuals.

**SB 1160 (Alquist) Children's social services programs  
Chapter 484, Statutes of 2008**

Simplifies the California Work Opportunity & Responsibility to Kids Program (CalWORKs) reapplication process for relative caregivers of foster children when they move to a new county and extends the sunset date for the Youth Pilot Program.

1. Exempts any "caregiver relative" of foster children from having to submit to a personal face-to-face interview when reapplying for CalWORKs benefits on behalf of the child, if all of the following apply:
  - a) He or she is an approved relative, as defined, and is caring for a dependent child of the court and is receiving CalWORKs benefits on behalf of that child;
  - b) He or she is changing residence to a different county and is applying for benefits in the new county on behalf of the dependent child of the court; and,
  - c) He or she is not an applicant for, or a recipient of, benefits under CalWORKs.
2. Requires the county to verify that the caregiver relative meets the criteria for this exemption.
3. Extends the sunset date for the Youth Pilot Program (YPP) to January 1, 2013.

**CARE AND SERVICES FOR THE ELDERLY**

**AB 749 (Wolk) – Residential care facilities for the elderly: hospice care patients**

**Chapter 477, Statutes of 2008**

**Amended in the Senate from a different subject matter and to change author from Berg to Wolk**

As introduced (AB 749 (Berg)), stated that it is the intent of the Legislature to remove cumbersome regulatory obstacles to the placement of hospice patients in residential care facilities for the elderly (RCFEs) to ensure that bedridden, terminally ill individuals avoid unnecessary institutionalization. Further allowed a RCFE to admit or retain an individual receiving hospice care to the facility beyond the 14-day period allowed for bedridden individuals regardless of the hospice patient's nonambulatory or bedridden condition.

As enacted (AB 749 (Wolk)), requires RCFEs to have an emergency plan available to residents and to local emergency responders, and requires the Department of Social Services to confirm, during comprehensive licensing visits, that the plan is on file at the facility.

**AB 853 (Jones) – The Home Care Services Act of 2007**

**Died; held on the Assembly Appropriations Suspense file**

Established the Home Care Services Act to license and regulate home care services for the elderly, frail and persons with disabilities.

1. Required licensure as home care organizations by the Department of Social Services of every entity providing services in a private home by a home care aid.
2. Established requirements for home care organizations, including maintenance of workers' compensation coverage, procedures for investigating complaints of health care aides, notification to clients of enumerated rights, and compliance with specified rules governing employment of health care aides.

Establishes procedures to be followed by a residential care facility for the elderly (RCFE) prior to transferring a resident to another facility or living arrangement as a result of forfeiture of a license or change in the use of the facility, and provides remedies for noncompliance.

1. Requires that RCFEs give written notice to residents, perform evaluations of each resident's needs and develop a relocation plan.
2. Authorizes the Department of Social Services to request that state or local attorneys initiate enforcement action under the unfair business practice law.
3. Provides that civil penalties for violations of relocation requirements be issued immediately following written notice.
4. Prohibits issuance of penalties against a licensee for violations of relocation requirements not presenting an immediate or substantial threat to health or safety if the licensee corrects the violation within three days after notice.
5. Authorizes a resident of an RCFE to bring a civil action against any person or entity owning or operating an RCFE who violates the rights of a resident set forth in this bill, and provided that the owners and operators are responsible for the acts of the facility's employees and liable for costs and attorney fees.

**SB 489 (Steinberg) – Continuing care contracts: retirement communities: closure  
Vetoed by the Governor**

Imposed requirements on continuing care retirement communities (CCRCs) in the event of permanent or temporary closure.

1. Required written notice to residents and the Department of Social Services (DSS), development of an approved relocation plan, and offer of an alternative comparable placement or cash "buy-out" depending upon whether the closure is temporary or permanent.
2. Established requirements when a provider proposes to temporarily close a CCRC, including submission of a temporary draft closure and relocation plan to CCCB; provision of a unit in a facility most closely approximating the cost, size, services, features and amenities of the unit being vacated; payment by the licensee of all moving costs to a new facility and to the reconstructed facility.
3. In cases of permanent closure, required the provider to offer a resident a choice of placement options in a unit of comparable cost, size, services and amenities, or a "buy-out" based upon a prescribed formula in cases where comparable replacement housing and care in other communities operated by the provider are not available to the resident or cannot be mutually agreed upon by the parties or the resident does not agree to that option.
4. Required the provider, within 30 days of receiving approval for the relocation plan for a permanent closure, to fund a reserve, set up a trust fund, or secure a performance bond to ensure fulfillment of costs associated with the relocation.

1. Exempted "heritage schools" from child day care licensure laws.
2. Defined a "heritage school" as a school that does all of the following:
  - a) Runs on a regular schedule.
  - b) Offers education or academic tutoring, or both, in a foreign language.
  - c) Offers education on the culture, traditions, or history of a country other than the United States.
  - d) Offers culturally enriching activities, including, but not limited to, art, dancing, games, or singing, based on the culture or customs of a country other than the United States.
  - e) Operates for purposes not solely related to child care.
3. Required the State Department of Social Services to monitor compliance regarding the following health and safety requirements, and required that the heritage school:
  - a) Require each staff member to complete a health screening report, including a tuberculosis test, and further develop and maintain an emergency disaster plan;
  - b) Develop and maintain an emergency disaster plan;
  - c) Require each staff member to sign a statement acknowledging the requirement to report suspected child abuse, as specified.
  - d) Provide accessible drinking water; and
  - e) Require each staff member to complete a current criminal record clearance administered by the Department of Justice pursuant to subdivisions (a) and (b) of Section 11105.3 of the Penal Code.
