**JUNE 20, 2022**

**HATE INCIDENT SERVICES AND PREVENTION FUNDING  
TRANSFORMATIVE GRANTS AWARD ANNOUNCEMENT  
FISCAL YEAR 2021-2022 AND 2022-2023**

The California Department of Social Services (CDSS) Civil Rights, Accessibility and Racial Equity (CARE) Office, in consultation with the Commission on Asian and Pacific Islander American Affairs (CAPIAA), is pleased to announce the award of 12 Transformative Grants under the umbrella of the state's hate incident services and prevention funding for Fiscal Year (FY) 2021-22 and 2022-23. The CDSS allocated \$30,338,307 in Transformative Grant funding for a service term of three years, from August 1, 2022 through July 31, 2025. Awards are listed in Table 1.

In April 2022, the CDSS issued \$14,269,246 for FY 2021-22 Stop the Hate (STH) Program Funding to 80 organizations to provide direct, prevention and intervention services to populations who have experienced or are at greatest risk of experiencing incidents of bias and hate crimes. After review of the STH applications and assessment of additional needs, the CDSS and CAPIAA identified the opportunity for larger investments to have a transformative impact in the area of anti-hate services. As a result, CDSS, in consultation with CAPIAA, developed the Transformative Grants program. Selected organizations with a demonstrated track record of anti-hate work with priority populations and capacity for transformative impact were invited to apply for larger funding awards (a minimum of \$1 million over three years).

Transformative Grant services include the following categories:

- **Direct Services**, including mental health and complementary health services; wellness and community healing; legal services; navigation, case management, and referrals;
- **Prevention Services**, including arts-based and other cultural work that deepens understanding and empathy; youth development; senior safety and ambassador/escort programs; individual and community safety planning; training, including bystander training and other de-escalation techniques; working across racial groups and other impacted populations to strengthen alliances and promote understanding.
- **Intervention Services**, including outreach and training on the elements of hate incidents and hate crimes, services for survivors, and the rights of survivors; community-centered alternative approaches to repair harm from hate incidents and hate crimes; and coordination and liaising with local government and other institutional partners.

The Transformative Grant program service providers may subgrant funds to collaborative partners/organizations.

TG Awards

TABLE 1. TRANSFORMATIVE GRANT FUNDING AWARDS

<b>Organization/Collaborative</b>	<b>Region(s)</b>	<b>Award</b>
