

Medi-Cal Managed Care Plans (MCPs) Services

Managed Care Plans provide EPSDT Screening Services:

- An initial, periodic, or additional health assessment of a Medi-Cal eligible individual under 21 years of age provided in accordance with the requirements of the Child Health and Disability Prevention (CHDP) program; or
- A health assessment, examination, or evaluation of a Medi-Cal eligible individual under 21 years of age by a licensed health care professional acting within his or her scope of practice, at intervals other than those specified in paragraph (a)(1) to determine the existence of physical or mental illnesses or conditions; or
- Any other encounter with a licensed health care professional that results in the determination of the existence of a suspected illness or condition or a change or complication in a condition for a Medi-Cal eligible person under 21 years of age.

(See: Title 22 CCR Section 51184(a))

MCPs cover outpatient mental health services

For Members with mild to moderate mental health conditions under California's ACA Expanded Benefit, including:

- Individual or group mental health evaluation and treatment (psychotherapy);
- Psychological testing when clinically indicated to evaluate a mental health condition;
- Psychiatric consultation for medication management; and
- Outpatient laboratory, supplies, and supplements
- Case Management
